## **DETAILED ACTION**

### ***Allowable Subject Matter***

1. Claims 1-18 are allowed.
2. The following is an examiner's statement of reasons for allowance: The prior art does not disclose or suggest an apparatus for holding a plurality of ties and belts having a pair of hangers wherein each hanger has a rigid loop including a bottom member, a first side member, a second side member and a top member, a pair of master hooks extending upwardly and being attached to the top members a plurality of clips being attached to each of the bottom members such that each hanger has at least two clips attached thereto in combination with a hinge being connected to each of the first side members such that the pair of hangers are hingedly connected together. The pair of hangers may be selectively spaced from each other in an open position or positioned adjacent to each other in a closed position such that the second side members and bottom members are positioned generally adjacent to and aligned with each other and the inner surface and an outer surface of each of the bottom members and second side members being defined with respect to each other. This arrangement enables the holding of a plurality of neckties and belts via a small apparatus that is easily positioned within a closet or garment bag so as to preserve the shape of the neckties and belts.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
